Technical Support

- My contact is Anthony DiFiore (see Contact section)
- I have found him EXTREMELY knowledgeable, helpful and prompt
- If you read the other documents as per the 'Cross References Section', you will soon realise I ask a LOT of questions... :) Put it this way... ***I*** would not want to be the poor sod having to reply to the veritable barrage of questions I fire out and yet, Monsieur DiFiore copes magnificently. It is important to me having someone in an organisation who can read and write English, someone highly conversant in the product. You will find this with the IHGroup – Anthony in particular.
- I don't get commission but it'd be good, if you contact IHGroup, to say 'Hi' from me! :)
